

_run

```
graph RL; A[Bounds::bound] --> B[invoke_predictor]; B --> C[_run];
```

The diagram illustrates a sequence of three function calls in a horizontal flow from right to left. The first node on the right is a white box with a red border containing the text "Bounds::bound". A dark blue arrow points from this box to a second white box with a red border in the center, containing the text "invoke_predictor". Another dark blue arrow points from the second box to a third, gray box with a black border on the left, containing the text "_run".
