

Batch::initialize

```
graph LR; A[Batch::initialize] --> B[debugMessage]; B --> C[optJrParameters::get _debug];
```

A flowchart with three rectangular boxes connected by arrows. The first box on the left is shaded gray and contains the text 'Batch::initialize'. A dark blue arrow points from its right side to the second box, which is white and contains 'debugMessage'. Another dark blue arrow points from the right side of the second box to the third box, which is white and contains 'optJrParameters::get' on the top line and '_debug' on the bottom line. All boxes have a black border.

debugMessage

optJrParameters::get
_debug
